We regret to learn that Private Allan Sandford, son of Mr. and Mrs. E. A. Sandford, of Park Place, Gravesend, has been killed at the Front. His parents, who will have the sincere sympathy of a wide circle in the loss they have sustained, heard of their son's death from a friend who was with him in the trenches. Allan Sandford, who was educated at the Gravesend County School, was, prior to joining up, in the Civil Service. He became attached to the 1/15th London Regiment in January, and was killed by a shell in the trenches in the Loos district. He was 21 years of age.
